Fort Hunter Engine and Hose Co. Inc.

351 Main Street Fort Hunter NY 12069- 0181

10/23/2026

Dear Sir:

We have had the opportunity to review the site plans and the revision provided, the department see no opposition to the changes for the proposed development.

We still ask that the builder provides a walkthrough of the facility prior to its opening and any training on special equipment onsite to ensure safe operations.

Any questions please feel free to call Chief Tim Haegi 518 441 5414 or email fthunterfd@outlook.com

Thank you again

Tim Haegi Chief
