Dear Lauren Haberland:

Thank you for continuing to consult with the Division for Historic Preservation of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the submitted materials in accordance with the New York State Historic Preservation Act of 1980 (section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Division for Historic Preservation and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6NYCRR Part 617).

We have reviewed the Cultural Resource Viewshed Analysis received June 3, 2022. Based upon that review, it is the OPRHP's opinion that the proposed construction of one wind turbine, as described, will have No Adverse Impact on historic and archaeological resources.

If you have any questions, please feel free to reach out via email.

Sincerely,

Sara McIvor
