Mr. Steven Viele, Chair, and  
Members of the Town of Florida Planning Board  
214 Fort Hunter Road  
Amsterdam, New York 12010

**RE: YMCA Road Wind Turbine Second Revised Draft Environmental Impact Statement**

Dear Chairman Viele and Members of the Planning Board:

On Behalf of Florida Wind 1, LLC please find attached ten copies of the second revised Draft Environmental Impact Statement for the YMCA Road Wind Turbine project submitted for completeness review. This revisions addresses the comments of Planning Board member Peter Rea with respect to impacts on . The submission consists of:

1. A revised DEIS document in track changes mode. Note changes are only tracked from the December 15 submission because we understand that the balance of that submission was deemed complete by the Planning Board. The tracked changes will be removed when the document is accepted as complete.
2. A revised Appendix 13, "Evaluation and Comparative Analysis of Non-ionizing Electromagnetic Emissions from New Leaf Energy Wind Turbines in the Town of Florida, Montgomery County, New York;" and
3. A new Appendix 19, "Complaint Management Plan."

The remaining appendices are unchanged and so have not been resubmitted.

The document is also saved on the attached thumb drive. We request that this be transmitted to the Board's consultants for review and we are hopeful that the DEIS can be declared complete for public review at the Board's February 5 meeting.

Thank you, and we look forward to your review. Please do not hesitate to contact me with any questions or if additional copies are needed.

Respectfully submitted,

**LaBella Associates**
